MEMORANDUM FOR THE RECORD

Morning Meeting of 10 January 1969

Carver mentioned that Congressman Riegle had a query which [redacted] is handling for us. [redacted] said that Maury will contact the Congressman on Monday.

In response to the Director's question, Carver briefly summarized current events in Vietnam, noting that nothing of great significance occurred during the past twenty-four hours.

DD/P drew attention to reports from the field indicating that the [redacted] Communist Parties are gradually being whipped into line with regard to the Czech situation, partially because of their reliance on Moscow for funds.

25X1 DD/P noted a report [] which underscores our analysis that the Czech leadership is acquiescing to Moscow's demands because there is no feasible alternative to doing things Moscow's way.

The Director and the Executive Director discussed their upcoming contacts with the Bureau of the Budget. Executive Director said that he is having lunch today with Jim Clark, and the Director said that he plans to contact Budget Director-designate Robert Mayo shortly.

*DDCI announced that Rear Admiral Vincent dePoix, Assistant Deputy Chief of Naval Operations (Development), would like to visit Headquarters on 4 February to brief our people on the Navy's R&D program and on the impact of intelligence on it. DDCI suggested that the DD/S&T handle the arrangements for the visit and that a luncheon be planned. DDCI also suggested that members of the Intelligence and Plans Directorates should attend the briefing. The Director agreed.

DDCI reported that Rear Admiral dePoix and Rear Admiral William Moran, Director of Space Systems, will be visiting the Agency next week to discuss a matter regarding NRO. The DD/S&T will participate in the meeting.

DDCI asked to see the Director later in the day regarding a recent release from the Contingency Reserve to finance a sensitive project.
